How do I earn the designation?

Your business earns points toward the Healthy Sarasota County Worksite designation for your new or existing efforts affecting employee health. Assess your worksite wellness program using the Centers for Disease Control and Prevention's (CDC's) Worksite Health ScoreCard. You will be awarded a designation of Platinum, Gold, Silver, or Bronze based on total points earned.

www.cdc.gov/healthscorecard

Already doing great things? Let us know! Your existing wellness program may already qualify for recognition.
